SLIP PERMIT APPLICATION INSTRUCTIONS

Submission of a photocopy of the current New York State certificate of Boat Registration and a Certificate of Liability Insurance must be attached to the application. When the application, fee and required certificates are received, the slip number will be assigned and the applicant will be notified. Please indicate on the enclosed diagram of the Marina your first, second and third location preferences. Every effort will be made to accommodate you, but because of our limited facilities applicants may be assigned a slip other than the one requested. Please note that slip widths are measured from pole center to pole center and are approximations only. All permits are issued subject to the Saltaire Marina Regulations.
