for this event.

★ ABOUT CIVICS FOR KIDS WITH MS. JACQUI ★

Join Ms. Jacqui for a fun, interactive introduction to civics! In celebration of the 250th anniversary of the United States, children will explore the history, symbols, and values that shape our country through engaging games, stories, and hands-on activities. Kids will learn what it means to be a good citizen, how our government works, and how they can make a positive difference in their community. This welcoming, non-partisan program encourages curiosity, respect, and active citizenship for children of all backgrounds.
